

K-12 SCHOOL DISTRICTS

THIS ISSUE

CA school districts have a variety of funding opportunities available for energy upgrades, campus improvements, EV infrastructure, and more!

ELIGIBLE PROJECTS

- Solar Projects
- School Buses
- Alternative fuel vehicles
- EV infrastructure
- Air quality improvement
- Microgrids and energy storage
- Playground improvements
- Permanent shade structures
- Energy efficiency enhancements
- School campuses
- Buildings, portables, and other upgrades

FUNDING THE FUTURE!

Your school district has access to grants and loans from the state and federal government, GO bonds backed by property taxes, leases, and even county-wide sales taxes. Adding energy efficiency measures to your project increases eligibility for an even greater variety of state and federal funds.

Many school districts are opting in for alternative funding methods for infrastructure and equipment needs to provide lasting benefits for their students, communities, and the environment. By financing projects with CalMuni PFA, school districts can free up funds to hire more teachers, purchase more textbooks and computers, or invest in additional high-performance facilities. Beyond these bottom-line benefits, schools can realize improved overall student health, decrease absenteeism, and better serve as community centers.

Districts and schools can leverage a combination of sources to fund infrastructure construction and upgrades, equipment needs, supply needs, and much more, including federal and state resources, internal financing, debt financing, leasing arrangements, and energy service performance contracts among others.

CalMuni PFA will provide specialized consulting for your specific project needs and lending in partnership with the California Climate Initiative, EPA, CA Energy Commission, Investment Tax Credits, and many more!

ALTERNATIVE FINANCING

DON'T DELAY IMPROVEMENTS

There are many reasons why districts decide to hold off on their project needs such as lack of time, resources, or political will to get it approved. There is a significant cost of waiting. The lost savings incurred by waiting one year could be greater than the present value of all the interest payments combined for lease financing or other creative financing methods.

Inquire about alternative financing opportunities to generate the utmost savings for your district's needs.

THINK OUTSIDE THE BOX

Don't let the cost of going green scare your district away from making the changes necessary for future generations. Over time the savings generated from energy efficiency measures, such as ev-school buses, offset the upfront cost. With subsidy programs available through CalMuni PFA the cost of your next project is on par with costs of maintaining current infrastructure and equipment.

Contact our team for more information on how to fund your equipment, infrastructure, and project needs.

FUNDING OPTIONS

- Federal Tax Credits
- Federal/State Loans
- Grants
- General Obligation Bonds
- Private Activity Bonds
- Qualified Energy Conservation Bonds
- Lease Financing
- & Many More!

TRUSTED PARTNERS

With 50 years experience our team is comprised of expert consultants in municipal finance, securities law, tax regulations, real estate transactions, grant writing and political process and involvement.

MEMBER COMMUNITY

At CalMuni PFA, we are fully dedicated to ensuring the financial success of all our members. We take our fiduciary duty to the next level by acting as an extension of your organization.

CalMuni Advantage

CalMuni PFA is a government to government (G2G) programmatic lender which is Board mandated to get you better rates through our competitive loan process. You borrow directly from us, and let us do all the hard work for you. Our financial backers are constantly in competition for our business. When you work with CalMuni PFA we take care of the entire process from start to maturity relieving you and your staff from the headache and uncertainty of securing best financial terms. Moreover, we are an approved program lender for subsidized federal grant and loan programs.

BEST INTEREST RATES

CalMuni PFA utilizes a competitive bidding process to reach every active muni lender in the nation, guarantying best interest rates, terms and conditions available in the municipal marketplace.

LOWER COST OF ISSUANCE

CalMuni, a trusted G2G lender, offers full transparency with a straightforward fee scale. Our competitive process secures low-interest rates for you, resulting in a hassle-free and cost-effective financing experience tailored to your needs.

TRUSTED SERVICE

CalMuni PFA acts as an extension of your organization, always striving to maintain trusted partner status. With our commitment to trusted services, you can rely on CalMuni PFA for a seamless and reliable financing experience.
