

EQUIP Program

*Low-Interest Tax-Exempt
Equipment Financing*

WHAT IS EQUIP?

As public agencies are working hard to protect and serve their communities, proper equipment is necessary, but funds are not always readily available. By delaying the purchase, agencies face manufacturer price increases, inflation, and costs of maintaining aging fleets, all of which pose safety, operating, and financial risks in the long run.

CalMuni PFA's EQUIP program was designed to eliminate complexity and expedite processing times while achieving the lowest interest rates possible for you.

We provide financing for your rolling stock, equipment, structures, improvements, and water meters. Some of our recent transactions include financing for fire trucks, school buses, police vehicles, utility vehicles, essential equipment, and more.

BENEFITS

FINANCE 100%

Finance 100% of your equipment cost and preserve your precious general fund dollars.

QUICK & EASY

Get a quick response on proposals. From start to finish, we are able to manage the process for you and can get you financed in around 30 days.

NO HIDDEN FEES

With CalMuni's fixed tax-exempt rates, we tell you up front what your costs will be and rest assured there will be no hidden fees.
